New Oak Plank Flooring

This revolutionary range of flooring is of the same thickness as solid wooden flooring, with a 6mm solid wear layer and 14.4mm of multi-layered birch plywood.

This engineered plank floor is strong enough to be installed as a load bearing floor but can be floated over dry sub-floors or warm water under floor heating.

Although the flooring is pre-finished in oiled rustic oak with a 6mm solid wood wear layer you can re-sand and re-finish a Besp-Oak floor several times guaranteeing years of added value.

Dimensions 20-40mm thick, x 150mm wide, x 2200 and 2400mm lengths.

Spacious Showrooms at Lacock and Whitchurch
